

Released Companion Of Fred Evans Tells Of Prison Conditions

Deputy-Reeve and Mrs. Arthur D. Evans have received an interesting letter from George Robbins, of Bristol, England, who was with their son, Sgt. Fred Evans, in a German prison camp, and was repatriated. The letter is dated Oct. 22.

"This is to keep a promise to your son," he writes. "I was with Fred 15 days ago. It doesn't seem true, but I have eventually, after much 'pinching' finally decided it is true. This also is true. Fred is quite well, and as happy as circumstances permit.

"His wound has left a scar, crescent-shaped, high on his left cheek-bone. I am being utterly truthful when I say that this scar really enhances his good looks. Fred has ample wearing apparel. He seldom experiences the feeling of 'stomach rubbing against back-bone' these days. You see, one really does get accustomed to diminutive diet. As for entertainment, plenty of books, sports, an occasional show and several bands provide music of divers types. Sounds good, doesn't it?

"Actually, it's like good food cooked by a novice and served under primitive circumstances. The whole thing is spoiled by 'rackets.' If Al Capone could see the rackets there he'd go green with envy. However, these things don't worry Fred. He has a strong heart and high spirits. His cheerfulness is a credit and I love him for it. I know you are proud of him and justly so. I wouldn't take the trouble to write this to you if I thought otherwise.

"I was strolling around the compounds with Fred, the night before I left, it was a 'dream of a night,' crisp, clean air and brilliantly star-lit. Fred was reminded of home, in a pleasant way, you see. The trees and country at Lamsdorf are almost identical to those at home. Fred, does not get homesick. He knows the futility and harmful effect it has. Like the majority of the boys he has settled in, and is making the best of a bad situation; not that it's really bad these days, in fact, the British spirit has turned nearly everything, including fetters, into a farce.

"Well, I think what I have written should obviate any little doubt you might have entertained as to Fred's well-being. If you could just see Fred, you would not worry in the least.

"One word about myself. I

RECREATION IS CALLED TOWN RESPONSIBILITY

Fathers' night at the Home and School Association at the Stuart Scott school on Tuesday evening was filled with fun, entertainment and instruction, and the fathers went home with pockets bulging with big red apples because they "knew the answers."

The evening got away to a good start with a sing-song led by the children of Principal H. A. Jackson's room at the King George school, under the direction of Mrs. M. B. Seldon. The girls sang "The Quest" after a short preview of it given by Jean Squires. Stallard Waterhouse told briefly the story of Stephen Foster's life, and some of his songs were sung by the class and parents.

Bobby Koffend and George Case, runners-up of this year's public school oratorical contest, gave their speeches. Bobby's subject, "The Game of Life," in which he compared life to a baseball game in its demands for comradeship, duty and courage was brilliantly handled. George Case spoke in an interesting manner on the navy, tracing its history and telling its importance to the British empire.

John McSkimming rendered two enjoyable violin numbers, accompanied at the piano by his sister, Margaret.

Mrs. Harry Bell, the president, in her welcome to the fathers said: "Parenthood is not a one-sided arrangement. It should consist of the utmost in team-work and for that reason we like to have the men attend these meetings and express their ideas.

"Every child is a package of human merchandise. Wrapped up in his personality are the qualities that make him a success or failure. The wise parent considers each child as a package of abilities, talents and characteristics.

"Quality human packages should contain: the habit of hard work, absolute loyalty and integrity, the study habit, the ability to think constructively, a cheerful, victorious attitude, faith and self-confidence, the spirit of co-operation, ambition and perseverance, courage and good-will to all, with a knowledge of how to get along with people.

"We will never achieve perfection, but delinquents are made, not born. The direct responsibility for a delinquent goes to the community where that child grew up. Through guided recreation youngsters can be turned into quality packages ready to take over the leadership and responsibility of tomorrow."

Mrs. Bell turned the meeting over to the fathers, and J. A. Perks, 1st vice-president of the association, discussed the Newmarket training centre staff, (formerly heard over a popular radio program), and John Henderson of Newmarket were masters of ceremonies for the quiz program which followed. The questions mainly pertained to sports and the history of Newmarket, which mothers and fathers alike seemed well versed in. Not silver dollars, but shiny red apples were the prizes. Mrs. J. B. Bastedo won the lucky number prize, a basket of apples.

Allen enlisted in the R.C.A.F. three years ago in January and was overseas for two years.

CARRIE DENNIS WAS ACTIVE IN COMMUNITY

Although in ill health for some time, death came suddenly to Carrie Louise Dennis on Wednesday evening. Miss Dennis suffered a heart attack on Monday.

Born in Toronto, Kansas, on July 25, 1872, she was the daughter of Almeda Hughes and Charles H. Dennis, and moved to a farm about three-quarters of a mile south of Newmarket with her parents when about eight years old. Miss Dennis moved to Newmarket in 1907.

Miss Dennis was an active worker in Newmarket Women's Institute, a member of the Newmarket Ladies' Liberal Association and a member of Trinity United church. She took a keen interest in all church affairs. Miss Dennis' chief hobby was her garden and flowers.

Members of the Women's Institute as a group attended the funeral service at the chapel of Roadhouse and Rose on Saturday afternoon. Rev. Henry Cotton conducted the service.

Surviving are a sister, Mrs. D. E. Cowieson, Souris, Man., two nieces, Miss Helen Pritchard, Toronto, and Miss Adele Cowieson, Montreal; two nephews, William D. Cowieson, of Manitoba and Charles, who is with the army in Toronto.

A brother, Fred, predeceased her 35 years ago, and her parents died 24 years ago.

Interment was in the family plot at Newmarket cemetery.

Palbearers were Fred. Chantler, Chas. F. Willis, Chas. McCauley, Sanford King, James Gibney and Laurie P. Cane.

ONE OF THE LUCKIEST FELLOWS, SAYS SAILOR

"Just a few lines to say how surprised and happy I was when I received your splendid ditty bag," Leading Stoker A. G. Smith writes the Newmarket Veterans' Soldiers' Comforts fund.

"People back home don't know how much it means to the fellow in the services to receive a gift from his home town," he writes. "I know when I received mine how all the fellows in the stokers' mess gathered round me while I opened the ditty bag. When a fellow receives a gift from home like the one you people sent it sure makes a person wish he was back home with his friends.

"I also want to thank you for the last lot of cigarettes that you sent me. I think I am one of the luckiest fellows in the stokers' mess, having the parcels sent to me from all my friends back home.

"I hope this letter finds the veterans of Newmarket in the best of health. If I don't get the chance to write before Christmas I wish you all a Merry Christmas and a Happy New Year."

ARCHBISHOP D. T. OWEN DEDICATES NEW DESK

Archbishop Derwyn T. Owen, primate of all Canada, attended the morning service at St. Paul's Anglican church on Sunday and he dedicated the new litany desk which was presented to the church as a thank-offering by two members of the congregation.

He also gave an address on "Prayer." After the service he stood at the door with the rector, Rev. G. H. Johnson, to greet the members of the congregation as they passed out.

The litany was taken by the rector at the evening service and it will be taken again at the morning service next Sunday.

This evening, at the war intercessions, held every Thursday evening in the chapel, men in the armed forces whose surnames begin with the letters J to R inclusive will be prayed for by name.

Next Sunday is Advent Sunday, when the church begins a new year.

The Parochial Guild held an enjoyable social evening in the parish hall on Friday evening. Next week the W.A. meeting will be on Wednesday instead of Thursday to accommodate a lecturer from Lever Bros.

SOCIALISM IS CONDEMNED BY VISITING REEVE

"The Fallacy of Socialism," was the subject of Reeve F. G. Gardiner, K. C., of Forest Hill Village, before the Newmarket Lions club on Monday evening. Reeve F. A. Lundy, Newmarket, introduced Mr. Gardiner, and President Fred Thompson was in the chair.

Mr. Gardiner said that Canadians must decide "whether we are to continue to have free enterprise or whether we are to travel up the road which is known as socialism and leads no one knows where.

"Poverty and riches must no longer exist side by side. The common man must have a better deal. There must be full production." Those statements are accepted today. The question is how we are to achieve these objects, by socialism or by free enterprise.

"Admirable as is the philosophy of Karl Marx, as much as we would like a free and classless society, there have been several such attempts and they have all failed.

"Our system is not purely capitalistic. We have the Ontario Hydro-Electric, the C.N.R., the Trans-Canada Airways, the Bank of Canada, the Ontario liquor control commission.

"In a socialistic system there is no private property. Property is all owned by the state.

"The reactionary wants to get back to things as they were. The capitalist wants to see an expanding economy. He wants to see slow change rather than revolutionary change."

Mr. Gardiner cited Russia, Germany, Spain, Italy and Greece to show that "those who honestly try to put socialism in effect are overthrown by a minority who know the revolutionary technique," with a dictatorship resulting.

"Do you hear anything about collective bargaining in Russia? Do you hear anything about freedom of speech in Russia? I am one who believes that labor has had a bad deal. I think some of us have taken the attitude that we own the plant and that we will dictate the terms of employment. But I don't see what labor can hope for from socialism.

"Social security means no socialism but provision for children on the basis of need. It means education to those who are able to benefit from it, and not according to means. It means unemployment insurance as a matter of right, old age pensions as a matter of right. It means health insurance. It means to me a small cost to prevent the overthrow of our system and the establishment of a socialistic system.

"Our system must be one where industry will earn a reward and where thrift will have some privilege, where the man who gets out and works for his old age gets some benefit," said Mr. Gardiner.

"I have been asking myself if the power and strength of Russia were on the side of the Axis would there be the same response in this country toward Russia and Russian 'ideas,'" said Mayor Dr. L. W. Dales.

"It is due to peculiar fortune that Russia is on our side, and we are trying to appreciate Russia.

"We can't get political cures in boxes. You and I and everyone have been guilty. We have had our hands out. We haven't always used the franchise. Now we want everything wrapped up in a box, a revolution if necessary.

"I am glad Mr. Gardiner has come to you before it is too late. Capitalism has made mistakes but we have made progress in the last 25 years. We have unemployment insurance, old age pensions, mother's allowances. We are going to have health insurance. God save us from state medicine. If we don't want to destroy the Bantings and Bests.

"Let us forget the obsession of socialism. Let us not handcuff ourselves and strangle our children, and put ourselves under anything that resembles dictatorship."

Mr. Hopkinson has gained considerable recognition from his work and has brought distinction to Newmarket. Newmarket citizens are invited to view this splendid exhibition.

Citizens Select 1944 Public Servants On Friday In Town Hall

Nominations for Newmarket's town council and public school board take place on Friday evening from 7.30 to 8.30 o'clock. N. L. Mathews, K. C., town clerk and solicitor, will preside as returning officer.

If an election is necessary, as the result of more persons remaining in nomination than there are vacancies to be filled, the election will take place on Monday, Dec. 6.

Mayor Dr. L. W. Dales, Reeve F. A. Lundy, Deputy-Reeve A. D. Evans and probably all present members of the town council will offer their services again. Councillors J. L. Spillette and Frank Bowser, who expressed doubt at the last town council meeting about running again, have both been prevailed upon to offer their services again.

Other members of the town council expected to qualify again are Joseph Vale, Wm. Dixon, A. V. Higginson and J. A. Perks.

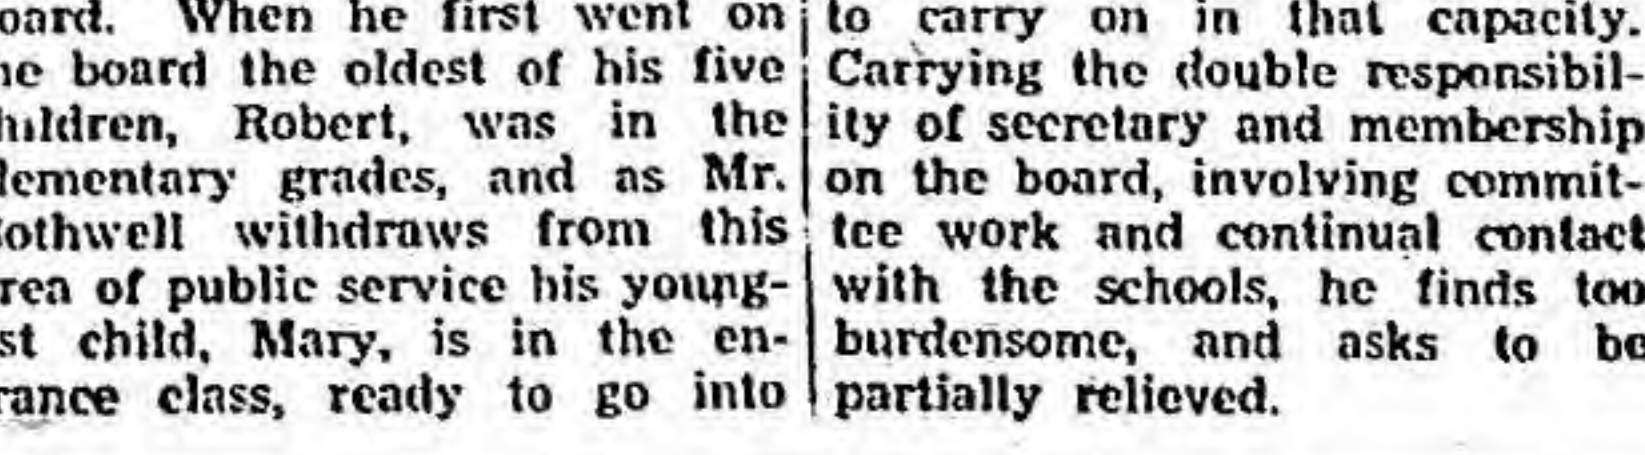

There will be three vacancies on the public school board as the result of expiration of the two-year terms of Frank Bothwell, R. L. Pritchard and Mrs. J. C. R. Edwards, and one vacancy as the result of the resignation of Rev. J. A. Koffend, with one year of his term still to be served.

Mrs. Edwards will offer her services again, but both Mr. Bothwell and Mr. Pritchard are dropping out. Mr. Bothwell is completing 18 years on the board. When he first went on the board the oldest of his five children, Robert, was in the elementary grades, and as Mr. Bothwell withdraws from this area of public service his youngest child, Mary, is in the entrance class, ready to go into high school next year.

Mr. Pritchard is completing ten years on the board. He has also been serving as secretary for some years, and is prepared to carry on in that capacity. Carrying the double responsibility of secretary and membership on the board, involving committee work and continual contact with the schools, he finds too burdensome, and asks to be partially relieved.

A Newmarket artist, R. L. Chadwick, has been honored by having one of his pictures, on exhibition at the Royal Canadian Academy show in Montreal, selected for a National Gallery of Canada tour of larger Canadian cities. An exhibition of Mr. Chadwick's pictures is being held this Friday and Saturday at Aurora high school. Photo by Budd.

RECEIVES RECOGNITION

Twenty-Three Families Need Help, Lions Told

Mayor Dr. L. W. Dales and members of Newmarket town council were guests of Newmarket Lions club at a dinner meeting at St. Paul's parish hall on Monday evening. Chief Constable James Evans, Constable Kenneth Mount and County Constable Ronald Watt were also guests of the club.

Other guests were Major W. H. Swayze and Capt. Eric Osborne of Newmarket training centre.

"The council is often called upon to help us, and we appreciate their co-operation," said President Fred Thompson. "We are very proud of our mayor, Dr. Dales. We feel that we are well served by our public men."

Mr. Thompson paid tribute to the work of the police with juveniles. He said that few realized the time the police spent lecturing young offenders rather than taking them to court.

A letter from "Bill" White expressed his hope that he would soon be back in Newmarket and able to attend the club meetings.

H. E. Lambert stated that it was found that there were 23 families, with 69 children, who would need the club's help at Christmas time, to ensure the children having a happy Christmas.

Ray Jelley and Victor Giovanelli received plans for sponsoring two new members each in the last year.

Fred A. Lundy informed the club that since Mrs. J. W. Bowman's address on speech correction at an earlier meeting she had received inquiries from quite a distance, and that she has a class of six or seven children.

"She has helped some of them and got at least one back to school," said Mr. Lundy. "This is important work. The child with defective speech is the subject of ridicule. Mrs. Bowman has volunteered to impart her knowledge to anyone else, that is, to other teachers. I want our club to join with Mrs. Bowman in inaugurating this plan in Ontario."

On the motion of Mr. Lundy and Mr. Lambert, it was agreed that the club would try to arrange to have Mrs. Bowman attend an executive meeting of the Ontario-Quebec Lions clubs.

WOULD NOT LOWER TAX RATE

Mayor Dr. L. W. Dales is to be commended for his repeated warnings against lowering the municipal tax rate, particularly at a time when people are well able to pay. There are too many community needs, pavements, sidewalks, incinerator, sewage disposal plant, widened Main St., vocational teaching at the high school, resumption of art teaching by a specialist teacher at public schools, kindergarten rooms at public schools, modern municipal building (which would include fire hall, auditorium and public library), public health nurse, recreation director for young people, municipal swimming-pool, and so on. Your list is as good as ours.

No one expects the town to undertake all these things at once, but it is progressive municipal government to maintain the tax rate at its present reasonable level, while "times are good," and to spend the surplus in making Newmarket a more pleasant place to live. A backward-looking town is one which thinks in terms of making itself a cheap place of residence for retired persons with fixed incomes. A forward-looking town is one which thinks in terms of making itself a good place for parents to bring up children and an attractive place for young

people. Dr. Dales has put his finger on what may be one of the vital issues of the post-war period. That issue will be between those who believe in spending money to provide full employment and a full life and those who believe in attempting to take their money to heaven with them.

The mayor has touched upon another issue too, between those who believe in community living and spending money advantageously through government and those who believe in an isolated existence and paddling their own canoe. People come together to live in towns so that they can enjoy at reasonable costs, by pooling their funds through the municipality, good schools, good streets, electric lighting, running water, police protection, etc. People who do not believe in spending money for community services, or who may be unfortunate enough not to have the money to spend, are happier living outside of towns. A good example of what can be achieved by community spending is the fact that Aurora householders, through their tax rate, pay about 20 cents a month for garbage collection, while Newmarket people pay 50 cents a month to "free enterprisers" for the same service.

Dr. Dales has advocated improved community services for years. Once his voice was a voice crying in the wilderness, but more and more our citizens today are thinking with him. He once saw the need for a hospital for this town, and so he started one—in his own home. Today Newmarket has a splendid hospital, but taxed to capacity. Newmarket is going to have a bigger hospital, as a result of private generosity, and, with many of the town's citizens enjoying hospital insurance, it too is going to be used to the full. The town contributes toward the upkeep of the hospital, and makes an increased contribution this year, partly as a result of Dr. Dales' urging. Although it is supported only to a small extent by taxation, York County hospital is a splendid example of a community institution, and of the benefits that may be achieved through community co-operation, through pooling citizen resources for the common good.

Dr. Bentley sold Mr. Haight a quart bottle of lime juice, but Dr. Bentley was right. Mr. Haight wasn't sick.

MARRIED—At the residence of the bride's father, Whitechurch, Oct. 18, by Rev. H. S. Mathews, Richard Spencely, King, to Frances Taylor, Whitechurch.

TWENTY-THREE THIS WEEK

On Monday, Nov. 15, approximately 20 officers and 40 other ranks converged upon No. 23 for a special course in aircraft and A.F.V. recognition. As Col. Young expressed it: "It was a pleasure and a privilege to play host to such an outstanding cross-section of this district's instructors." Our guests retallated with lavish compliments regarding our messing, the compact lay-out of our camp and its cleanliness and neatness. Having gained the necessary initial experience, No. 23 now feels that it will be able to acquire itself creditably no matter how many fact-hungry instructors descend upon it at some future date, or dates, for further courses.

Almost lost in the welter of new faces was that of Lieut. Hannacher, our new C.W.A.C. officer. She's a red-head with a husband in Borden but that hasn't prevented everyone from trying to make her feel as much at home here as possible. In the same breath with which we welcome her we sigh with regret over the loss the centre has experienced with Miss Boyd leaving.

Of course, had we listened to ouija, we would have been able to prepare ourselves, but not being particular believers in the occult, we had little time to ward off the heavy blow. Bernice has gone to Kemptonville to get a sound administrative background and then will probably, in the near future, tack the appellation "GI" behind her name. However, we can console ourselves that we aren't taking Bernice's going quite as hard as one poor fellow we know. Actually, he's the one to whom we should all bring our condolences.

On Tuesday afternoon, Nov. 16, Dr. Saunders, member of the history department, University of Toronto, addressed the troops in the drill hall on the historical background of the present Soviet Union. His talk was well received and much enjoyed and it was felt at its conclusion that a great deal of mis-information regarding Russia had been cleared away. It is hoped to have Dr. Saunders back again as soon as convenient.

On Tuesday evening the troops entertained themselves in the drill hall with a series of sketches and a bevy of dancing beauties, both male and female. The evening was a huge success and was produced and presented in its entirety by the troops. Each squadron contributed its share and special delight was taken in the artistic efforts of members of the C.W.A.C. As Col. Young put it: "The show the boys and girls produced themselves was equal in quality to any sent to the centre by the Citizens' Committee."

That, of course, did not imply that the centre could do without the Citizens' Committee's shows, because the centre can produce a show like Tuesday's only occasionally, being busy as we are with our training. But it does prove that when the boys are far from any type of entertainment they will be able to entertain themselves.

On Thursday evening, Nov. 18, the Research Revellers visited the drill hall and put on a grand show for the camp. This is a new show, never before seen at this centre, even by the H.W.E., and proved itself a big hit.

The sports department of the centre, under the direction of Lieut. Bob Kennedy, has swung into action and promises some fine activity throughout the winter months. His assistant is Capt. P. Kerr, auxiliary services officer. "A" squadron is represented on the central sports committee by Lieut. Bill Wood, "B" by Capt. Tommy George, "C" by Lieut. Lou Cordingley, and "D" by Lieut. Steve Johnston. Hockey will be under the direct supervision of Lieut. Bertie Shaw, C.S.M. Stewart and Cpl. T. Davies. Boxing will be handled in his usual competent and capable style by the regimental sergeant-major, Mr. Farrell.

Basketball will receive the necessary impetus at the hands of Capt. Peter Kerr, Cpl. Eldridge and Cpl. Kedney. Archery will be looked after by Lieut. Lloyd Goodings and Sgt. McClure, while badminton is to be supervised by Capt. Don Hines and Lieut. Tom Gillespie. The art of groan and grunt is in the hands of Cpl. Puchint and Cpl. Gregg.

A number of dignitaries visited the camp during the week of Nov. 15, including Cols. Smith and McAuley, Camp Borden, and Major Miller, the deputy director of ordnance services, Ottawa, and Lieut. McGuire of No. 2 ordnance depot, Toronto. Four officers from Camp Borden paid the camp a brief visit, inspecting the information room and gathered data preparatory to the establishment of information rooms at Borden.

On Thursday, Nov. 18, the officers gathered again at the local bowling academy to engage in an evening of bending the elbow. The evening is as usual reported upon by Renfrew.

The officers enjoyed another fine night of bowling with some very nice games being rolled. The Kolts were decidedly "in" there and with the help of Robinson, who, it seems, was inspired, did an excellent job. They do say Robinson's mind was not on bowling but rather on photographic art. At any rate, he bowled the marvellous score of 276 net, having two games of over 300 each. Cordingley, Kennedy, MacKonsie and Clarkson bowled in and out. The new addition to Gillespie's Gang, "Doc" Bell, turned in a nice effort—the first game a 270 and

a net score for three games of 632. The Grossman-Swayze syndicate had a new member in Lieut. Hannacher, our new C.W.A.C. officer. She turned in a nice performance, indeed.

Wood's Orphans were out in force, having seven players, but were unfortunate in securing only one point. The captains of these teams deserve a lot of credit for

hustling their teams out each Thursday evening. It is hoped the interest and co-operation will continue throughout the winter months, as it has for the past four weeks.

Why ARE NEILSON'S CHOCOLATE BARS SO OFTEN "SOLD OUT?"

• The answer is this:— Neilson's Chocolate Bars are so popular that they sell faster . . . but the big reason for the scarcity is that there are so many more buyers today than ever before . . . this, in spite of the fact that Neilson's are manufacturing and distributing to their dealers the maximum quantity in accordance with wartime restrictions on the use of raw materials!

"...ALL MEN ARE EQUAL"

The basis of the people's business

DEMOCRACY is founded on the principle that all men are equal.

Life insurance carries this principle into practice.

In it, regardless of position or of means, each policyholder pays for what he gets and gets what he pays for.

In it the dollars of the poor man get the same trusteeship as the dollars of the rich.

WHEN YOU BUY life insurance you know that you become a co-sharer with others in the partnership benefits your togetherness creates.

You know that your common fund of savings is securely at the call of all those

who participate in it, when emergency arises.

You know that through years of wars and depressions, panics and epidemics, life insurance in Canada has never failed to meet its policy obligations promptly and in full.

YOU HAVE SEEN how competition, within the free frame of democracy, has developed strong life insurance companies whose assets are owned by the people they serve.

These companies offer the outstanding modern example of how individual planning and enterprise, under government supervision, can produce the maximum financial benefit for all kinds and classes of people.

THE COMMON ROUND CONVENTION

There are some days that, even before sleep has really left us, we feel that there is something delightful just ahead, and Thursday, November 11, was one of those days.

Fully awake, as one rushed around getting everything in order to leave for more hours than one is often absent, one took in the fact that after days of rain, threatening rain and snow flurries, that Mother Nature had relented and was smiling warmly. The cats, even down to baby Patsy, stared out of countenance until I fed them, and mother informed me that, they were such spoiled creatures, she didn't know how to cater to them.

But eventually all the last things were done, and the car with Mrs. Needler, Mrs. E. Starr, Mrs. G. McClure and our uncomplaining driver, Laurence Needler, sped away to our goal at the Royal York.

There is something very satisfying in the thought that you are out to learn something, and when we reached our destination and saw all those women, from young girls up, one sensed an atmosphere of intent purpose. Those assembled were going to get everything possible out of the meetings.

We reached the assembly room just at the end of the discussion on Mrs. McPhatter's report on Home Economics, and just before the short Memorial day observance was to begin. This was impressive and moving, with the two minutes' silence, a prayer and two hymns.

How one's mind went back to the first Armistice day, with its joy and its sorrow—joy for the returning men, sorrow for the silent but unforgettable heroes, who marched with them, and whose torch those returning had carried through the hell of battle.

Then came the girls' session, of particular interest to our group, as our own girls were to participate.

Miss Ruth Keffer acted as chairman, introducing the groups; first telling of the large number of girls who enrolled in the Victory garden scheme, and their success. The first group of three presented a scene in a living-room, two of the girls posing as guests and mothers of small children, who strenuously objected to their daily allowance of milk. The hostess demonstrated how this could be overcome by making the milk so attractive in various ways that the objection would die a natural death. Chocolate played a large part, also custards and

Church's Fifth Mortgage Publicly Fed To Flames

An impressive morning service was held at Aurora United church on Sunday when the \$3,000 mortgage on the church was burned. The mortgage was retired by church officials earlier this month.

The Aurora church, now in its 125th year, has had a notable history, and in the history of the present 65-year old edifice five mortgages have been burned. In 1928, the fifth mortgage for \$5,000, was placed on the church to permit improvements to be made. In 1938 it was reduced to \$3,000 and renewed for a five-year period.

W. J. Knowles, James Crockett, John Walker, and the late John Faris, Morley Andrews and W. J. Bassett signed the mortgage on behalf of the congregation. This year the finance committee took the matter in hand and in a few short weeks had the satisfaction of seeing the amount over-subscribed by over \$200. Now a \$500 fund has been set up to provide for redecoration.

In the cleaning up of the mortgage only two announcements were made from the pulpit, no pressure was exerted on the congregation, and no general canvass made. It was entirely a "free-will offering."

Rev. Roy Hicks, the pastor, paid tribute to the generosity and

loyalty of the congregation. W. J. Knowles and James Crockett were both present at the ceremony. John Walker was unable to be present owing to illness.

Dr. J. L. Urquhart, representing the board of stewards, Archie M. Cousins, representing the finance committee, and Ross Linton, church treasurer, took part in the ceremony. Dr. Urquhart lit the mortgage held by Mr. Cousins, the ashes falling to a plastic bowl presented by Robert Rank.

"The burning of this paper means many things," Mr. Linton said while the mortgage burned. "It means we have a loyal, sincere congregation. It is a symbol of our interest and concern in clearing our church house of debt, and our preparation for the days ahead. It is a symbol of our desire to furnish our 'upper room.' Thus the symbol of the flame becomes for us the very incense of thankfulness for a church completely free from debt."

Dr. Urquhart expressed the thanks of church officials to the congregation. Members of the finance committee, who handled the fund, included Dr. G. W. Williams, P. M. Thompson, Charles Bilbrough, W. R. Chapman, A. M. Cousins, Dr. J. L. Urquhart and Ross Linton.

Have Ten Grandchildren And Great-Grand Serving

Mr. and Mrs. James Gould, Tyler, St., celebrated their 63rd wedding anniversary last Tuesday. They are believed to be Aurora's longest married couple. Both are in reasonable health, and recall vividly the passing years.

Mr. Gould is 89 and Mrs. Gould is 86. They have 43 grandchildren and 13 great-grandchildren. Of these, no less than ten are in active service, with one grandson discharging honorably from service.

All branches of the service are represented, Navy, R.C.A.F. and army, with Pte. Norma Rae, a

granddaughter, in the C.W.A.C. All branches of the family are represented on active service and four grandsons are overseas.

The Gould family have resided here nearly 20 years, previously living at Stouffville, Port Huron and Markham township.

The 11 Gould children are Oscar, Wellington county, Harold, Alberta, John, Mrs. Stewart Rae, Whitby, church township, William and Mrs. Albert Foster, Aurora, Mrs. Russell Major, Orono, Fred, Toronto, Mrs. O. Yake, Mather, Man., and Mrs. I. Meyers, Weston.

action for the boys from No. 2 against his old club this winter. Once we see the Bradford boy we will be able to give you the low-down. There is no gainsaying that No. 2 regiment, last year called A9 Rams, have a strong team on tap.

Eddie Burke, R.S.M. of the unit, is looking after the team, and is an experienced player, having performed for St. John Beavers and other Maritime and Quebec clubs, as well as the Rams last winter.

The Laprade brothers have turned up at Borden with army service corps. These are the Port Arthur boys who for the past decade have been the spearheads of the famous Port Arthur Bearcats, and have had more Allan cup experience than any other players in Canada and turned down countless professional offers. There are three brothers, the best known being Edgar, who is at Borden along with one of his brothers. They are there for legitimate training and will move on when their time comes. The Borden clubs will mostly be playing on outdoor rinks, so there is no profit motive or funds available for the players. Terry Reardon, former big-league player, as well as several others, are presently with service corps, but who can tell for how long?

Misfortune has overtaken two of your favorite players. Normie Mann, once the toast of Newmarket, now Ordinary Seaman Mann, and one of the aces of this year's Toronto navy team, has had the right shoulder ligaments torn in a league game and is out of action for a few weeks. Mann is badly needed by the tars too, and along with "Scotty" Mair is probably the pick of the team. Mair incidentally already bids fair to be one of the top ranking marksmen in senior O.H.A. this season.

Bill Thoms, veteran performer for the Chicago Black Hawks and one of canal-town's athletic heroes, was operated on for stomach ulcers in Chicago last Saturday and is out of action for at least six weeks. Thoms is recuperating nicely, but will be seriously handicapped in his quest for N.H.L. scoring honors. At the time of his illness he had acquired eight scoring points in seven games and, teamed with the ace Chicago line of Bill Mosienko and Doug Bentley, would have had a big scoring year. Mosienko and Bentley right now are at the top of the scoring heap.

Les Canadiens of Montreal are hitting a terrific if unaccustomed pace these days and on the advice of some of those in the hockey know we didn't bother to see Saturday night's pro game at the Gardens. The Leafs, according to those who should know, are not strong, and most think it is a good job the Rangers are in the league to stop the Toronto team from reaching the cellar, once the others start really percolating. With the Montreal team are three boys who ten years ago were causing plenty of trouble to Bill Hancock, Andy Davis and Co., as they headed for a Memorial cup.

Ray Gottiffe, a shock-headed kid, was one of the spark-plugs of the Stratford team which gave Newmarket a whale of a battle before bowing out. He is still playing good steady hockey. Sudbury Wolves, coached by Maxie Silverman, who was at the O.H.A. convention and as voluble as ever, featured among other dandies "Long Bill" Durnan, even then an outstanding goalie, and now, at an age when most goalies are not going big league, one of the best in the N.H.A. There are many who have wondered why Bill never got a chance before.

"Toe" Blake, whose right name is Hector, was another player with the howling Wolves, who in their dark green sweaters just about stopped the Hancock clan. Blake for the past few years has been one of the best forwards in the moneyed ranks. This trio, along with some home-brew Quebec products, habitant and English descent too, have made Dick Irvin's crew one to be reckoned with in the dizzy whirl of war-time hockey.

Enio Scelizzi, one of the type-setters' nightmares from Milton Juniors, is with Stratford Juniors this season and playing fine hockey, too. The lad is of Italian descent and along with several other new Canadians a few years ago gave Milton a contending team. There were three of the same family playing at one time.

Ross Waddell, diminutive Aurora goalie of 1941, later no-hinder for Oshawa Generals in the Memorial cup playdowns, arrived overseas a few weeks ago. Ross, who has just turned 20, is a sergeant air gunner w/h the R.C.A.F. and if he can follow a target as well as he could follow the course of a puck

Speaking of Aurora netminders, it was with a heavy heart we read the news that Jack Cowieson was missing following an air raid over enemy territory. A handsome youngster, Cowieson was under study to "Chinger" Groves on Charlie Rowntree's first O.H.A. group winners, who won the local group in 1935-36 after a grim struggle with Stouffville. The team that year had Groves, Dick Hunter, Ken Woodcock, Ab. Watts, "Wink" Barnard, Bill Jones, Bill Wilson, "Nuggets" Shore, Bill Robb and Bill Thornton on the team, most of whom are on active service.

He also played town league and high school hockey. Along with the rest of you we are hoping he may turn up safe. Jack is now 27 years of age, married, with two small children.

MAGISTRATE DEFENDS AUTOMOBILE DRIVER

Two Aurora residents, Eric Moynihan and David Longhurst, appeared before Magistrate W. F. Woodliffe in York county police court in Newmarket on Tuesday and pleaded guilty to charges of illegal possession of liquor. Each defendant was fined \$10 and costs or one month in jail.

Township Constable Joseph Jardine, Queensville, told his worship that on Saturday, Nov. 6, at about 10.30 p.m., while parking his car at a dance hall at Brownhill he noticed the occupants of a car marked in front of his car drinking from bottles. Investigating, he found Mr. Moynihan drinking from a partly consumed bottle of ale.

Mr. Longhurst, he said, had finished his beer and placed the empty bottle in the rear seat.

"Did you find out to whom the car belonged?" asked Defence Counsel Lorne C. Lee, Aurora.

"Mr. Longhurst admitted ownership of the car," replied the officer.

An 18-year-old Aurora youth pleaded guilty to taking a car without the owner's consent and was remanded one week for sentence.

Constable Aubrey Fleury testified that he and Constable Dunham had questioned the youth on Nov. 22 regarding the theft of a car belonging to Miss Mary Caruso, Aurora, and that the youth made a statement in which he admitted seeing the car with his keys in it parked near Caruso's store. The officer stated that the youth said that he had taken the car and driven it to Gravenhurst, where he visited a former employer of his. He then hitchhiked back to Aurora, taking the keys of the car with him.

"Did he tell you why he took the car?" asked Arelagh Armstrong, appearing on behalf of the crown.

"No, he didn't," replied Constable Fleury. "As far as I know, no damage has been done to the car. However, I have not seen the car yet."

According to Constable Fisher, Dunham, Aurora, he had received a telephone call regarding the theft of the car on Friday, Nov. 19, and reported it to the northern police. He said that when he and Constable Fleury questioned the youth on Nov. 22, the latter returned the keys of the car, which were identified by Miss Caruso.

"Did he give any reason for taking the car?" asked Magistrate Woodliffe.

"No, just joy-riding," replied the officer.

Asked if he wished to say anything, the youth replied that he had nothing to say.

His worship remanded the youth one week for sentence pending the return of the car.

"This man was met with a dangerous situation," Magistrate Woodliffe commented when dismissing a charge of careless driving against Edgar Bagshaw, Toronto. "Instead of hitting some boys he turned to the left and struck two cars."

Cpl. John O'Connell testified that on Nov. 16 at 9.45 p.m., while driving east on Eagle St., an approaching car, which was driven by the defendant, struck the rear of his car and then collided with another car which was following his car.

"Which side of the road were you travelling at the time of the accident?" questioned Mr. Armstrong.

"On my own side of the road, about four feet south of the centre line," replied the witness.

"Was there any reason why this man should come over on to your side of the road?"

"Probably it was because he was turning out to miss some boys, who were waiting on the side of the road," replied the witness.

William Lee, driver of the second car involved in the collision, testified that the damages to his car amounted to \$140.

"I arrived at the scene about 10.15 p.m.," stated Chief Constable James Bloss. "I found Mr. Bagshaw's car against a tree on the south side of Eagle St."

The officer added that the point of impact was six feet from the south edge of the pavement and that the stretch of road was lighted by a street light.

"I was going west on Eagle St.," stated Mr. Bagshaw in his own defence. "In order to avoid an accident I turned out and ran into a bigger accident. I didn't see the boys until I was right on them."

He stated that he had been driving for 25 years. His insurance company had taken care of costs of repairing the cars involved in the accident.

Found guilty of travelling at 50 miles an hour on Yonge St., Lfent, Chas. C. Brown, Camp Borden, was fined \$15 and costs. Provincial Constable Alex. Ferguson laid the charge.

A fine of \$5 and costs was imposed on Catherine Sutherland, Toronto, for driving over 30 miles an hour in North Gwillimbury. County Constable William Hill laid the charge.

In answering questions as to the cost to the town of a recreational organization, Mr. Blackstock referred to the many facilities already existing here, mentioning the town parks, the ponds, the covered rink, the town and Pickering College tennis courts and in peace-time, the track at the fair grounds. He estimated that \$3,000 would provide a year-round recreational director to organize the community, and would also provide necessary equipment.

"One of the publicly-owned facilities least used is the school," said Mr. Blackstock, "the high school and the public schools. I think the citizens should have access to them in after-school hours.
